Just to close the loop, I called Mark Tornai of Marathon Oil and gave him your name **Gerry** (along with phone and email info) and explained that a notice of transfer would now need to go to DEC.

Dru,

Yes, please give Marathon Oil my contact info. We will have a similar conversation with Hill Corp when they are in our office tomorrow so everyone is on the same page.

Gerry

Thanks Cindi; that is the info I needed. Waiting on processing the request made sense. I will call the contact at Marathon Oil and explain to him that once the sale goes through (he said in the message that it has been delayed till after Jan) to send the request to transfer ownership letter to DEC. Gerry, is OK to give him your name as a point of contact if he has questions?

[attachment "SPARK AND SPURR.pdf" deleted by Dru Keenan/R10/USEPA/US]

Dru,

In response to your v-mail, yes, they should be contacting DEC. Gerry and I discussed this last week and I had forgotten to send the file to him so this gives me the opportunity.

The letter says that they wanted us to transfer but if the sale falls through, to transfer back. I don't think that is a prudent way to do this so I was waiting to see what happened and do the transfer if we needed to. But now that falls to Gerry.
